

Vehicle Wrap Guide

Sign One offers exceptional visual impact with three levels of vehicle wraps! Whether a compact car (Ford Focus), a mid-sized crossover (Nissan Murano), or full-size commercial van (Chevy Express), box trucks or trailers, we've got a wrap for you! Half and three-quarter wraps come with value-added graphics on the doors, hood, and front windshield. Let the Sign One staff design an eye-catching wrap that provides the most cost-effective (CPM-Cost Per Impression) advertising medium available when compared with traditional media sources.
